

Awais raza

PHP & Laravel Developer

A skilled PHP & Laravel developer with hands-on experience in developing and maintaining dynamic web applications. Proficient in HTML, CSS, Bootstrap, JavaScript, React JS, jQuery, and Ajax, with expertise in PHP OOP and Laravel frameworks to create robust, scalable, and secure solutions. Strong understanding of back-end development and database management. I can design efficient, user-friendly web interfaces and ensure seamless functionality. My background in WordPress further enhances my ability to deliver diverse and customizable solutions tailored to client needs.
